

**Summer Educational Enrichment in Math  
(SEE Math)**

**Program Dates:** July 26 - August 6, 2004 2:00 p.m. - 5:00 p.m.  
**Application Deadlines:** April 14 for students, April 21 for their teachers

Dear Teacher:

The Department of Mathematics at Texas A&M University is sponsoring a Summer Educational Enrichment Program (*SEE Math*) for middle school students completing the 5th, 6th or 7th grade by the end of the 2003-2004 school year. The sessions will be conducted by professors in the Mathematics Department at Texas A&M University with the help of students studying math at A&M. The program is partially funded by the Department of Mathematics at Texas A&M University, and is designed to foster positive attitudes toward mathematics and science. **There is a \$50 charge for participants, except those on the National School Lunch program.** Our primary goal is to help students find excitement in the discovery of mathematics and science concepts, and to provide them with the knowledge, confidence and encouragement to continue their studies in math and science related fields.

*SEE Math* is a two-week day program that runs between the dates of July 26 - August 6 from 2:00 p.m. to 5:00 p.m., Monday through Friday. Transportation to Texas A&M University **must** be provided by the family of the participant each day. Daily activities will include topics from:

- |  |                                  |
|--|----------------------------------|
| *Platonic solids and other geometry topics | *Mathematical games and puzzles  |
| *Logic Puzzles                             | *Euler Numbers                   |
| *Triangle Investigations                   | *Map Coloring                    |
| *Pythagorean Theorem                       | *Computer animations using Maple |

We would like to ask your assistance in identifying students who might benefit from this program and encourage them to apply. Enclosed please find four enrollment packets that you may distribute to all interested students and/or parents. Feel free to make as many additional copies as you like for your students. An enrollment packet can also be downloaded from the *SEE Math* website:
