

SEE-Math 2017 Teacher Evaluation Form

There are continuous applications. First acceptances will be made after April 1, 2017. Later applications may be accepted, if space is available.

One of your students has applied to the Summer Educational Enrichment in Math (SEE-Math) program sponsored by the Math Department at Texas A&M and has indicated that you would supply a recommendation. Please fill out the form below.

If you have given recommendations for several students, please send an email to Philip Yasskin <yasskin@math.tamu.edu> ranking them. This would be greatly appreciated since we get more applications than we can accommodate and would like to take some students from each school.

If you would like to speak to someone please contact
Administrative Contact:

Donna Hoffman <donna@math.tamu.edu> (979) 862-4306

Program Directors:

Philip B. Yasskin <yasskin@math.tamu.edu> (979) 574-1697

David Manuel <dmanuel@math.tamu.edu>

Thanks.

- Unable to Respond

16. Further Comments:

Please include any information that you think might be helpful, such as any special qualities or problems that will affect the SEE-Math program. What evidence is there that this student performs at the gifted or honors level?
